SPAY DAY USA 2012 CLINIC

February 19, 2012

Thank you for applying to have your pet spayed or neutered at the Chemung County Humane Society's clinic in honor of Spay Day USA 2012!

One of our goals has been to encourage community members in Chemung County and its surrounding areas to have their pets spayed or neutered in order to help fight the very serious pet overpopulation problem that our region faces. By surgically removing reproductive organs, we can humanely reduce the number of unwanted animals that are brought in to animal shelters, like ours, every day. Listed below, you will find important information regarding this low-cost clinic. If you would like more information or if you have any additional questions, please call our clinic scheduler at 732-1827, Ext. 501.

Applications

Applications for this low-cost clinic are accepted on a first come, first served basis. All submitted applications must be complete and accurate or they will not be processed. Applications are reviewed as soon as we receive them. You may use the same application for multiple animals. There is a limited amount of applicants that will be approved. You may mail the application to the Chemung County Humane Society at 2435 State Route 352, e-mail it to admin@chemungspca.org or fax it to 732-6351. *Deadline for all applications is Wednesday, February 15th to allow an adequate amount of time for scheduling the surgeries. You will be contacted on or before that date if you have been approved.*

Clinic

The clinic will be held on Sunday, February 19th at the Chemung County Humane Society on State Route 352 in Big Flats. Check-in begins at 7:30 a.m. and will run through 8 a.m. If your pet is up-to-date on his/her rabies and distemper vaccinations, you must bring proof of vaccination to the clinic. If they need to be vaccinated, vaccinations are available and will be administered for a small fee at the clinic. If your female is pregnant at the time of the surgery, you will incur an additional fee. As this is a one time clinic, failure to be present at your appointment will result in a forfeit of all services. All surgeries are performed by volunteer, fully-licensed and trained veterinarians and veterinary assistants.

Pricing

This clinic is being offered at bare-bottom prices, and we ask that you make every effort to pay in full. All payments are to be made in cash; however, alternate arrangements can be made with the clinic scheduler. Pricing is as follows:

Male Cat	\$35.00
Female Cat	\$55.00
Male Dog	\$65.00
Female Dog	\$85.00
Pregnant	\$10.00
Rabies/Distemper	\$10.00/shot
Earmite Treatment	\$5.00
